**VOOR JE BEGINT MET
FILMEN...**

DENKVRAGEN VOORAF

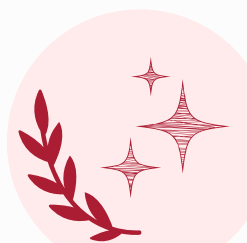

Denk eerst even na over deze vragen voor je begint te filmen.

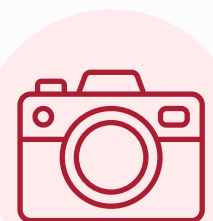

Wat wil ik precies tonen in mijn video?

Welke beelden heb ik zeker nodig?

Welke boodschap moet blijven hangen?

Waar/wanneer ga ik filmen

Welke sfeer wil ik creëren?

Welke shots wil ik zeker hebben?

VOORBEREIDING

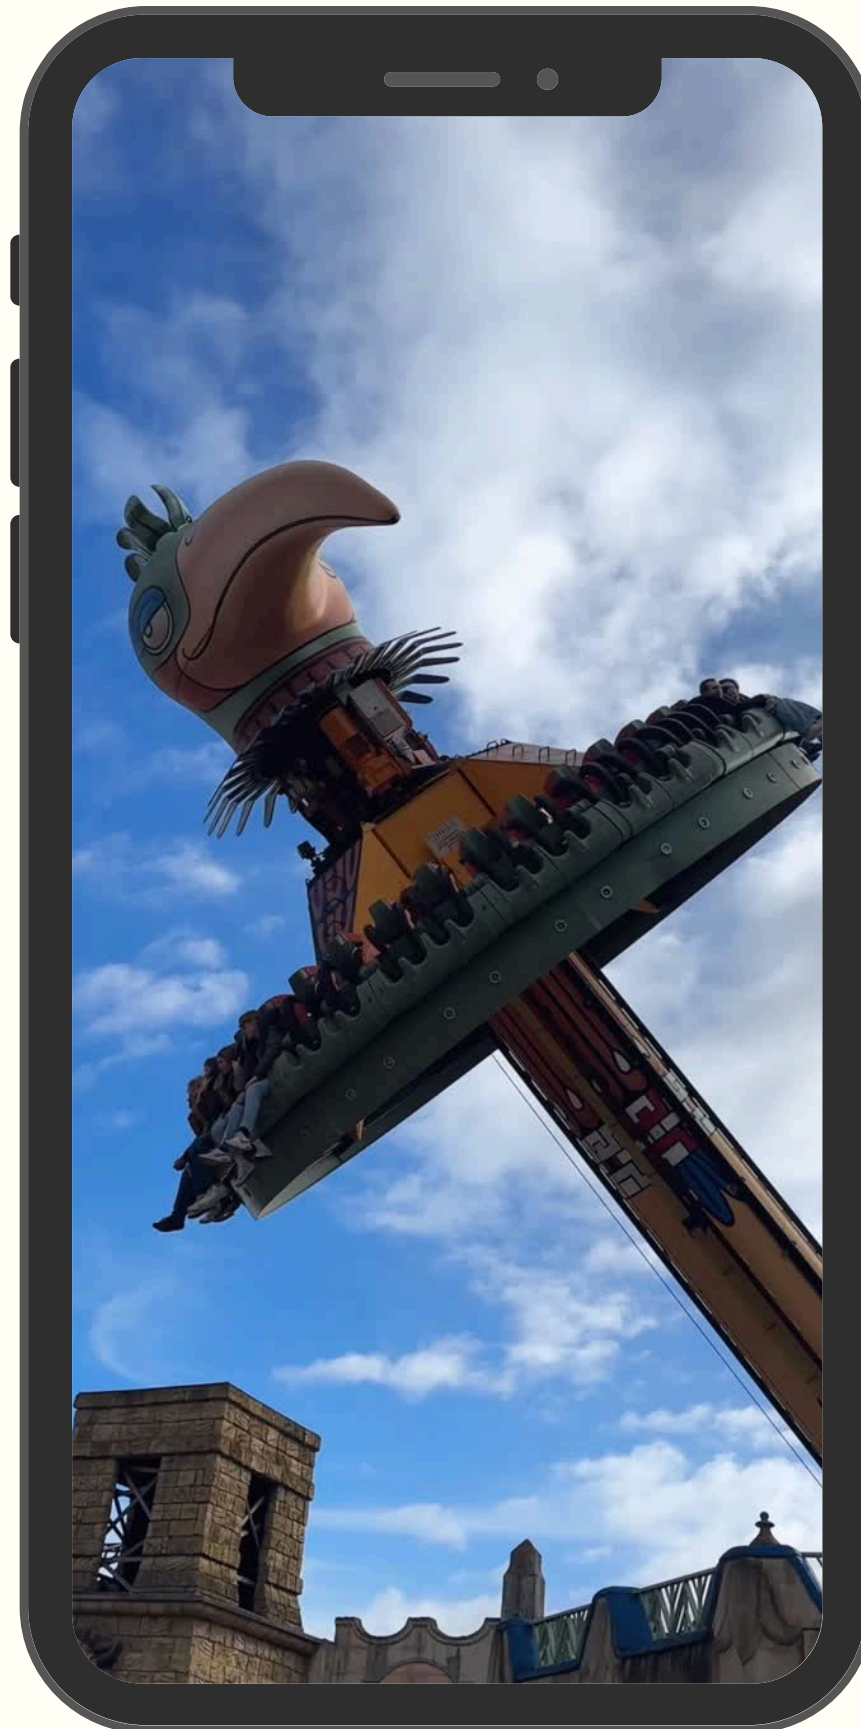

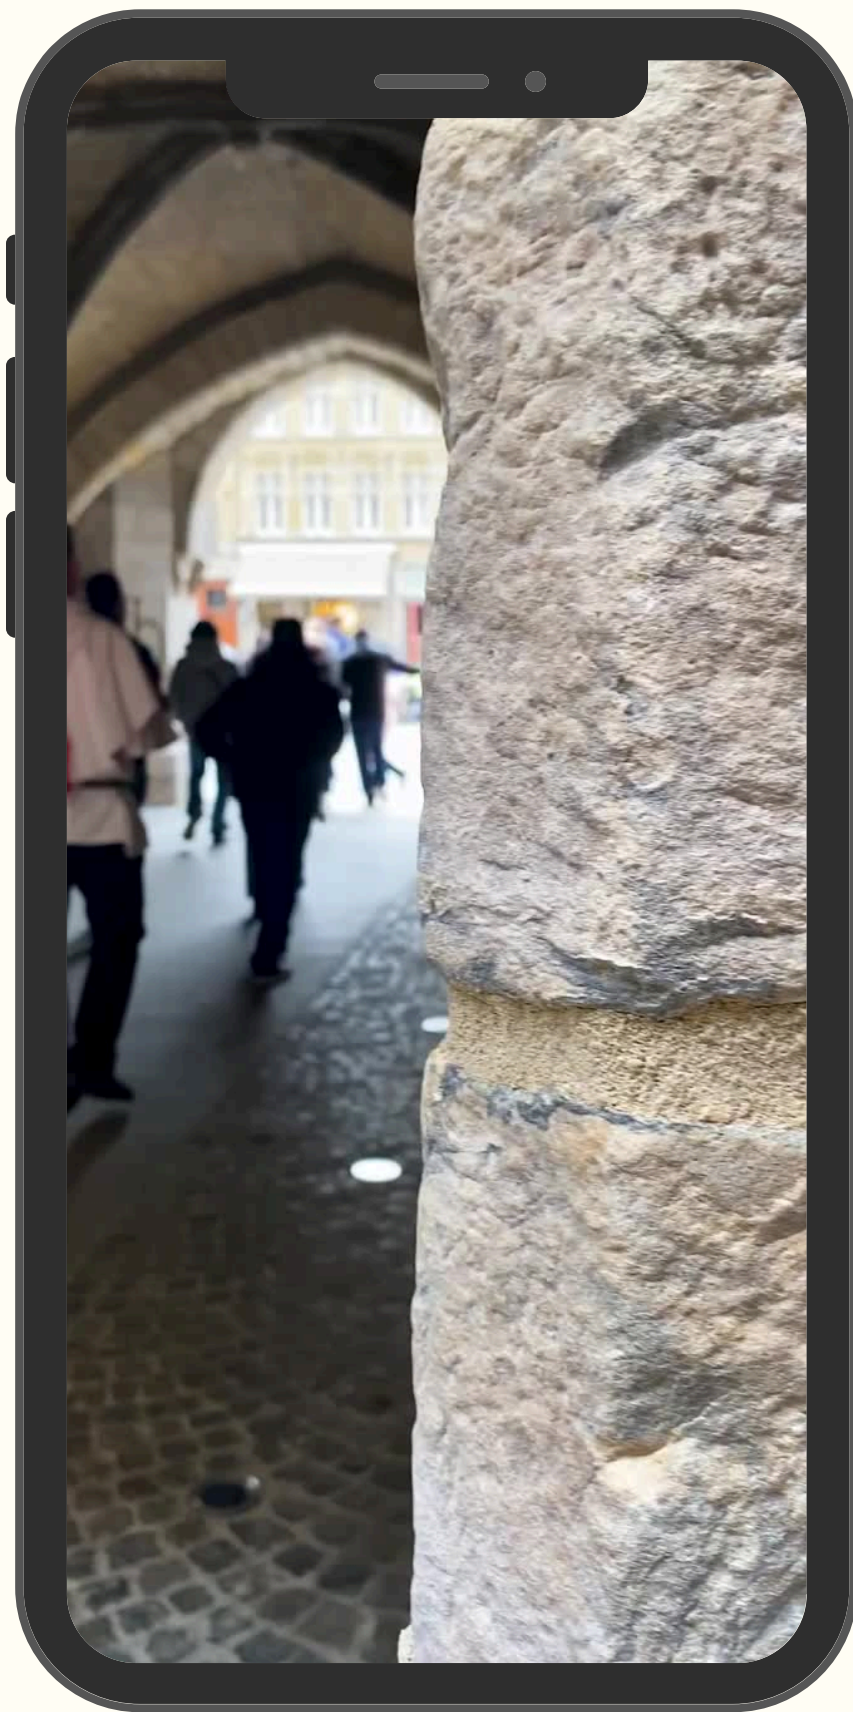

Korte planning opmaken:

voorkomt dat je iets vergeet tijdens het filmen.

**TIJDENS HET

FILMEN: SFEER EN DUIDELIJK BEELD

Basisregels:

**Houd de camera zo stil
mogelijk**

**Maak meerdere takes
van hetzelfde shot**

Vermijd digitale zoom

**Start en stop niet te
snel met filmen**

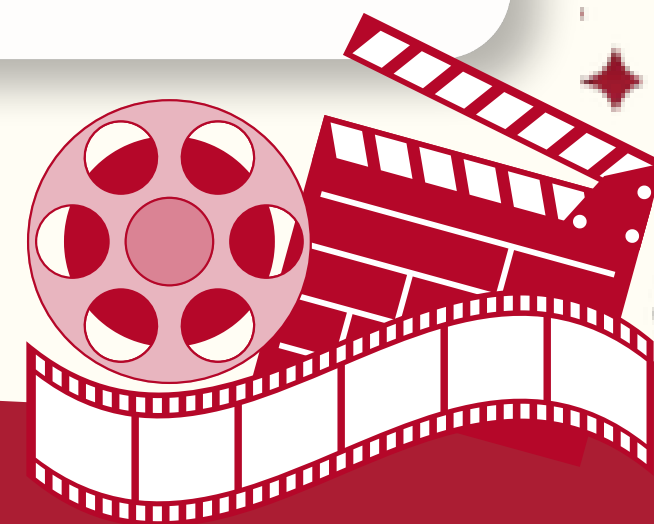

Let op belichting

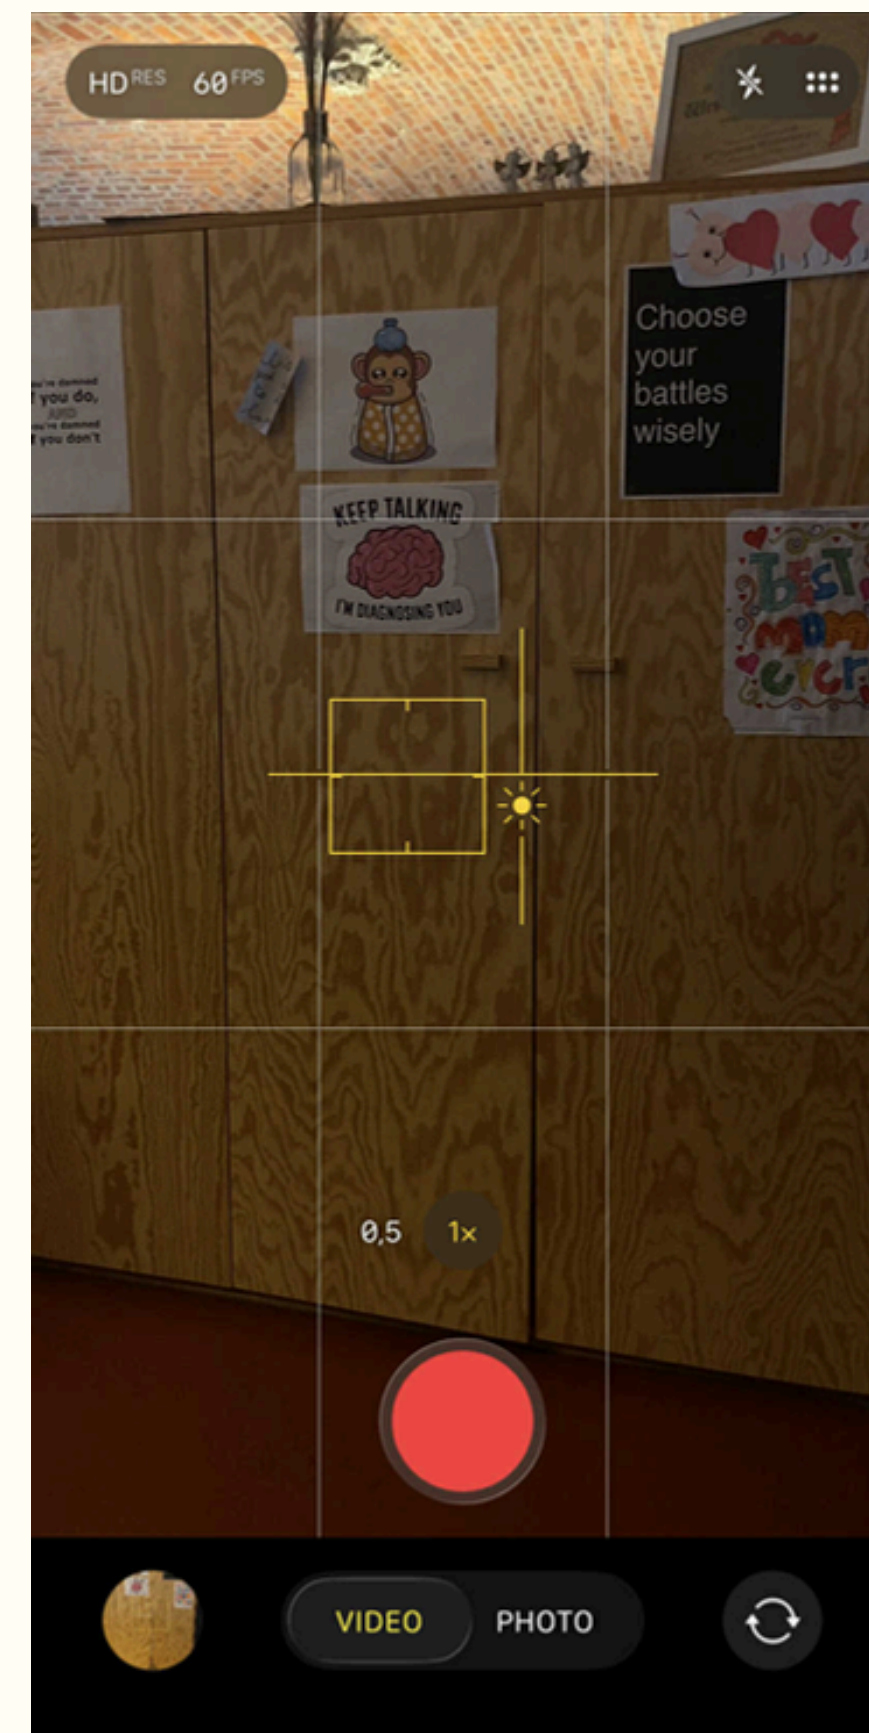

**Controleer je beeld
kort na het filmen**

**Let op storende
achtergronden**

Film liever te veel dan te weinig.
